

Michigan Medicine Lodging

What is Michigan Medicine Lodging?

Michigan Medicine Lodging helps patients and families find somewhere to stay overnight during their time at Michigan Medicine. Michigan Medicine Lodging will handle your lodging needs so you can focus on the important things — providing support and care to your loved ones while they are being treated at Michigan Medicine, or coming here for your own medical care.

What services do you offer?

Our team members will work with you to match your needs with a local lodging option (like a hotel, motel, or apartment) at the best rates possible. For example, if free breakfast, accessibility, or a shuttle service is important for you and your family, we will work with you to find an option that meets your needs.

What lodging options are available?

On-site reservations for Med Inn

We make reservations for our 30-room, on-site Med Inn hotel located on the University of Michigan medical campus. For patients getting radiation treatment, please ask about our Wilmot at Med Inn rooms.

Nearby hotels, motels and apartments

Michigan Medicine Lodging partners with more than 30 hotels and motels in the area (currently in Ann Arbor, Brighton, and Livonia). We will gather information on your wants and needs and make your reservation at the best price (usually a better rate than what you might get if you were searching on your own). We can also tell you about hotel amenities, give you directions to the hotel, and answer any questions you may have.

How do I make a reservation?

For information on our lodging options, or if you need help making reservations, you can either:

- Call Michigan Medicine Lodging at **(800) 544-684** or **(734) 936-0100**.
- Scan the QR code or go to UofMHealth.org/patient-visitor-guide/michigan-medicine-lodging to see our list of lodging options and complete the online reservation request form.
