Heart Failure

INFORMATION GUIDE

Other names:
- Congestive heart failure, chronic heart failure or CHF
- Left or right-sided heart failure
- Systolic heart failure
- Diastolic heart failure or heart failure with preserved systolic function

The purpose of this guide is to help patients and families find sources of information and support. This list is not meant to be comprehensive, but rather to provide starting points for information seeking. The resources may be obtained at the Mardigian Wellness Resource Center, room 2101 in the Cardiovascular Center. Visit our website at www.umcvc.org/mwrc

Access at: [http://www.med.umich.edu/careguides/](http://www.med.umich.edu/careguides/)
  - Type “heart failure videos” in the search box

Web Resources

- American Heart Association: Heart Failure
  [www.heart.org/](http://www.heart.org/)
  - Click on “Conditions”
  - Select: “Heart Failure”

This site includes information on understanding heart failure, risk and warning signs, treatment options, living with heart failure, tools, resources and personal stories.
• **Cardiosmart.org: Heart Failure and Heart Failure Therapy**  
  → Click on “Heart Conditions” and  
  → Select “Heart Failure” from the list  
  Provided by the American College of Cardiology this site has detailed overviews of heart failure and treatments including treatment guidelines and downloadable Management Workbook.

• **Heart Failure.org**  
  This site offers detailed illustrations and explanations of how the heart works, what happens when it fails, and living with congestive heart failure.

• **Heart Failure Society of America**  
  The centerpiece of this site is a series of 11 educational models covering different topics of interest to people with heart failure and their families. The models can be viewed online or downloaded and printed as a booklet. The site also features a questions and answers section.

• **National Heart, Lung, and Blood Institute: Heart Failure**  
  → Click on “Health Topics”  
  → Click on “H”  
  → Click on “Heart Failure”  
  Includes basic information on what heart failure is, including causes, risk factors, symptoms, diagnosis, and treatment.

• **UpToDate - Patient information: Heart failure**  
  → In the search box type in “Heart Failure”  
  These detailed, comprehensive overviews are based on professional literature reviews written for physicians. The overviews include some medical terminology. They are suitable for readers seeking to gain in-depth understanding of coronary heart disease.
University of Michigan Resources

- The University of Michigan Frankel Cardiovascular Center Heart Failure Program
  

  This program offers team-based care for heart failure from all causes and in all stages, including:
  
  o Consultation with cardiologists specializing in heart failure care
  
  o Heart failure patient management by cardiologists working with a nationally recognized nurse telemanagement program
  
  o Cardiac surgeons with expertise in surgical treatments for heart failure, including valve surgery, coronary bypass, left ventricular myoplasty, mechanical assist devices and heart transplantation.
  
  o Post heart transplantation patient care

- The University of Michigan Frankel Cardiovascular Center Heart Failure Program App

  Get help managing your heart failure right at your fingertips! Turn your smartphone into your own personal health monitor. This APP is full of helpful information, videos and educational materials designed to help patients' manage their heart failure, decrease symptoms and prevent admission to the hospital.
  
  o Scan the code below to get your “MANAGE HF” app on your iPhone. If you do not have an iPhone an Android app is being developed and will be available shortly.
The Preventive Cardiology program at Domino’s Farms offers a number of relevant program and services. For more information access: http://www.med.umich.edu/cvc/adult/serpre.htm or call: 734.647.7321
