The purpose of this guide is to help patients and families to find sources of information about heart healthy diet and nutrition. This list is not meant to be comprehensive, but rather to provide starting points for information seeking. The resources may be obtained at the Wellness Resource Center, room 2101 in the Cardiovascular Center.

**Books**

**Web Resources**

• **Aim for a Healthy Weight** - from The National Heart, Lung, and Blood Institute (NHLBI)

  Users of this site can find many interactive tools that teach and help manage healthy diet including: a menu planner, recipes and a BMI calculator. Clicking on the link to “Part 2: Controlling Your Weight” links to information on selecting a weight-loss program, guide to behavior change, shopping, a menu planner a food-exchange list.
• **American Heart Association - Nutrition Center**
  → Access at: [http://www.heart.org/](http://www.heart.org/)
  → On the red bar across the top of the page, click on: “Getting Healthy”
  → Click on: “Nutrition Center”
  This section includes information and interactive tools to help maintain a healthy diet. The grocery list includes 800 foods that were screened by AHA to be low in saturated fat and cholesterol. This tool enables the user to select and print a grocery list.

• **Nutrition.gov**
  This site provides easy, online access to government information on food and human nutrition for consumers. Here you can find guidelines for healthy nutrition, guidance on food shopping and meal planning and lists of calories and nutrients in food.

**University of Michigan Resources**

• **Nutrition Services at The Preventive Cardiology program** at Domino’s Farms offers a number of relevant programs and services including individualized counseling and group sessions to help individuals reduce risk disease and improve wellness. The service specializes in medical nutrition therapy for:
  - Cholesterol and triglyceride reduction
  - Blood pressure management
  - Healthy weight management
  - Metabolic syndrome/Insulin resistance/Pre diabetes
  - Diabetes
  - Congestive Heart Failure
