Analgesic Toxicity: Acetaminophen, Salicylates & NSAIDs  
Wellness: The Impaired Physician  
Personality Disorders, Psychosomatic Disorders & Anxiety Disorders  
Withdrawal Syndromes  
Ob-GYN Disorders: High Yield Facts and Q+A

Chemical Asphyxiants: Carbon Monoxide, Methemoglobinemia, Cyanide & Hydrogen Sulfide  
  
Approach to the Agitated / Violent Patient & Evaluation of Acute Thought Disorders  
Trauma Disorders: High Yield Facts and Q+A

**Title of Presentation**

ACEP Leadership Visit: Resilience and Avoiding Burnout  
Time Management for the EM Physician

Pulmonary Embolus / Deep Venous Thrombosis  
Evaluation and Management of Thoracic Trauma

Cystic Fibrosis: Emergency management considerations  
Acute Upper Airway Disorders: Infectious & Obstruction

Environmental Emergencies: High Yield Facts and Q+A

*EKG Visual Diagnosis*

ABEM Leadership Visit  
Inter-generational Influences in the ED

**Title of Presentation**

Dialysis: HD and CAPD - Principles & Complications  
Evaluation and Management of Non-Traumatic Hematuria  
Cardiogenic Shock (Mentor: M. Lowell, MD)  
Cardiovascular Disorders: High Yield Facts and Q+A

Pediatric Head Trauma  
Ped. Cardiology: Part I - The Neonate with Congenital Heart Disease & Transplant  
Pediatric Injury Prevention  
Changes in Concussion Management in the Student Athlete  
PE Lecture

Emergent Conditions of the Male Genital Tract Excluding Infections  
Infectious Disorders of the GU Tract - Not STDs

Medical Legal Issues: Consent Issues / Refusal of Care Issues

Review of Washtenaw County Medical Examiner's Cases  
Hypertrophic Cardiomyopathy and Sudden Cardiac Death in Athletes. (Mentor: J. Weber, MD)

**Title of Presentation**

*for the EM2s*

Toxicology: High Yield Facts and Q+A

Inhalant abuse (Mentor: K. Bora, MD)

*EKG Visual Diagnosis*

Shunts in Children

GI Bleeding in the Pediatric Population

Emergency Department Recognition and Management of Eating Disorders

HEENT Disorders: High Yield Facts and Q+A

Planning a 21st Century Emergency Care System

*ask EM4's to cover GI cases; one w/ a hepatology focus*

Inflammatory & Infectious Bowel Disease (including Diarrheal Illnesses & Diverticulitis)

Unique health care needs of LGBT Individuals

Incision and loop drainage; a better method of draining subcutaneous abscess. (Mentor: G.

Abdominal Ultrasound

**Title of Presentation**

***ision for the EM2s***

EKG Miscellaneous: Pre-Excitation Syndromes; Electrolyte, Pulmonary and CNS Disturbances  
Pericarditis, Myocarditis & Pericardial Effusions - Diagnosis & Management

Tachyarrhythmias: Ventricular and Supraventricular  
Valvular Heart Disease & Rheumatic Heart Disease & Endocarditis

Pediatric Spine Injuries  
The Acute Pediatric Scrotum & Pediatric Male Genito-Urinary Emergencies  
Trauma in Pediatric Patient - Injury Patterns  
Bugs and Drugs  
Use of MRI in Diagnosing Appendicitis in the Pediatric Population (Mentor: A. Barnosky, DO)  
Endocrine & Metabolic Disorders: High Yield Facts and Q+A

Pacemaker and AICD Emergencies  
Value of antibiotics for meningitis prophylaxis in skull fracture. (Mentor: J. Freer, MD)  
Intraventricular Conduction Disturbances

**Title of Presentation**

**for the EM2s**

Non-Diabetic Endocrine Emergencies

Substance Abuse and Outpatient Treatment Options. Mentor is Dr. Robert Shaffer.

MD Content Introduction & Q/A

Evaluation and Management of Upper GI Bleeding

Dr. Lozon

Oncologic Emergencies

*Visual Potpourri: GI & GU imaging (KUB, AXR, Renal and Abdominal CT)*

GI Disorders: High Yield Facts and Q+A

Mouth guards: Do they prevent kids from talking trash or talking funny. (Mentor: P. Dhas, MD)

"Chief Complaint: Hypertension...Now What?" (Mentor: D Somand, MD)

Pulmonary Disorders: High Yield Facts and Q+A

**Title of Presentation**

**emergencies**

Medical Legal Issues: Forensics in EM: Evidence Gathering, Going to Court

Dermatologic Emergencies

Musculoskeletal Disorders : High Yield Facts and Q+A

*EKG Visual Diagnosis*

HEENT Infections: Otitis Media, Pharyngitis, Periorbital Cellulitis, Facial Cellulitis & Sinusitis

Evaluation and Management of the Febrile Child

Child Abuse and Neglect

Interactive In-service Board Review--**Not Telecasted**

Collagen Vascular Disease: Acute Presentations and Considerations

Dermatologic Manifestations of Systemic Disease

"Regional anesthesia and its utility for ED patients." *Mentor: K. Kocher, MD*

"The utility of ultrasound for abscess detection." *Mentor: K. Bora, MD*

Hypersensitivity Reactions & Anaphylaxis

EM at a glance

Infectious Disease in the ER *Mentor: Dan Keyes, MD*

"Accountable Care: Latest Fad or Last Hope?"

**Title of Presentation**

"Infectious Mononucleosis." *Mentor: Marcia Perry, MD*

ED Evaluation of Transplant-Related Complications

Pediatric Toxicology

Sexual Abuse

Pediatric Critical Care: Part II - Ventilator Management & ECMO

"Evaluation of Flomax in the Management of Acute Renal Colic: Does it really work?"

*Mentor: Dave Somand, MD*

Efficacy of probiotics in acute diarrheal diseases *Mentor: K. Bora, MD*

Visual Potpourri: Radiographic Evaluation of the Upper Extremity: Elbow, Shoulder, Clavicle, & Scapula

**Title of Presentation**

Injuries of the Upper Exterimity: Shoulder, Elbow and Wrist  
Bone and Joint Infections

Do NSAIDS Impair Fracture Healing *Mentor: Andrew Barnosky, MD*

What to keep in mind when emergently reversing anticoagulation. *Mentor: Jim Mattimore, MD*  
MalPractice: Lecture, Discussion, & Mock Trail

Long Bone Fracture Management in the ED & Total Joint Emergencies  
Overuse Syndromes & Compartment Syndromes

*EKG Visual Diagnosis*

Medical Student Rotation Orientation; Bedside Teaching Skills; Feedback

Models for Disease Prevention and Injury Control - the Role of the ED

**Title of Presentation**

Cold & Heat Injury

Electrical and Lightning Injuries  
Highs and Lows: High Altitude Illness and Physiology & Dysbarism and Hyperbaric Medicine

TBD  
*Visual Potpourri: Radiographic Evaluation of the Lower Extremity: Hip, Knee, Ankle, & Foot*

Mammalian and Snake Bites  
Insect and Arthropod Bites and Stings: Spiders / Scorpions (not anaphylaxis)  
Marine Toxins  
ENT Emergencies with Steven Chinn, MD  
  
Radiation Injury

Clinical decision making in the evaluation of PE in the ED

**Title of Presentation**

Ethical Issues in Geriatric Emergency Medicine including Geriatric Abuse and Neglect  
Meningitis & Encephalitis

Ophthalmologic Emergencies: Infectious and Vascular  
Ophthalmologic Emergencies: Traumatic

Foreign Bodies of the Pediatric GI Tract and Airway  
Final Research Presentation  
Final Research Presentation  
OB Emergencies with Kristin Sharp, MD

Pregnancy: Eclampsia, Antepartum Hemorrhage, & Infertility Therapy Complications

*EKG Visual Diagnosis*

Geriatric Trauma & Falls  
History of EMS, EMS System Design, and the History of Trauma Management Systems  
Disaster and Mass Gathering Planning  
Communication and Customer Satisfaction
