If you have ever wondered what happens to your samples after they disappear from your view then this is the tour for you! The tour includes Specimen Processing, Hematology, Coagulation, Microbiology, Chemistry, and Blood Bank.

National Medical Laboratory Professionals Week (NMLPW) is an annual celebration of the medical laboratory professionals and pathologists who play a vital role in every aspect of health care. Join us in the celebration of our part in patient care by visiting our Olympic stars!

Tour groups will meet in front of Specimen Processing (2F 361) across from the west staff elevators.

University of Michigan Department of Pathology
Clinical Service, Research, and Teaching

Wednesday
April 22nd
Tours will be held at 10am, 10:30 am &11am
