time. UMHS MedSport is not responsible for expenses incurred
in case of cancellation. Requests for refunds must be made in
writing, 15 days prior to course date. Requests made less than
15 days prior to the course date are subject to $50 charge.
The MedSport update will familiarize the participant with current clinical guidelines for the treatment of several pathologies of the shoulder, hip and knee. Areas of focus will be shoulder injuries in the throwing athlete, anterior cruciate ligament (ACL) injuries in the female athlete, plantar fasciitis rehabilitation, postoperative hip rehabilitation and running injuries. Knee arthroplasty, pediatric sport injuries and ultrasound in sports medicine will receive special attention. MedSport approach combines clinical evaluation of these pathologies, with current surgical and rehabilitation options for treatment. The update is appropriately designed for musculoskeletal clinicians including Physical Therapists, Physical Therapy Assistants, Athletic Trainers, Nurse Practitioners, Physicians and Physician Assistants.
