

Michigan Support Group Contacts for Ostomates

How do I locate a local support group in Michigan?

You can go to the uoaa.org website or call (800) 826-0826. The United Ostomy Associations of America, Inc. (UOAA) is a national network for bowel and urinary diversion support groups in the United States. This nonprofit association works to unify and strengthen support groups that work to benefit people who have, or will have, intestinal or urinary diversion. The association is also very helpful for the caregiver.
