UMCVC.org

FRANKEL CVC U.S. NEWS & WORLD REPORT RATINGS

Each year, *U.S. News & World Report* judges hospitals for its Best Hospitals list by rating high-quality patient care, commitment to patient safety, clinical resources, family-centeredness and other measures. For 2022–23, University of Michigan Health ranked No. 26 in the nation for Cardiology and Heart Surgery. The Frankel CVC's scores include "High Performing" ratings in six conditions/procedures: Heart Failure, Abdominal Aortic Aneurysm Repair, Aortic Valve

Surgery, Heart Bypass Surgery, TAVR and Heart Attack.

University of Michigan Health's combined ranking is No. 20, putting it on the Honor Roll, and No. 1 in Michigan. Thanks to the teamwork, innovation and excellence of our employees, this is the 30th consecutive year that U-M Health has been nationally recognized for strong across-the-board performance.

MAGNET AWARD OF EXCELLENCE

University of Michigan Health was honored with the Magnet Award, presented by the American Nurses Credentialing Center. Only six percent of U.S. hospitals earn this honor, given to organizations that meet rigorous standards for quality patient care, nursing excellence and innovations in professional nursing practice.

EACH YEAR, THE FRANKEL CARDIOVASCULAR CENTER TEAM:

- Performs nearly 3,000 Adult Open Surgical Procedures
- Manages more than 2,000 Arrhythmia Cases
- Performs more than 5,000 Cardiac Catheterizations
- Oversees more than 75,000 Clinic Visits
- Manages more than 6,000 Inpatient Discharges

Frankel CVC Leadership left to right: Kim A. Eagle, M.D., Peter Henke, M.D., Stefanie Peters, FACHE, M.P.A., LMSW, Gorav Ailawadi, M.D., M.B.A., and David J. Pinsky, M.D.

The University of Michigan Health Frankel Cardiovascular Center brings together a full spectrum of resources in heart and vascular treatment, research and education to expand our role in the fight against cardiovascular disease, the nation's number one killer.

U-M Health provides comprehensive cardiovascular programs for adults and children with diagnosed or suspected heart or vascular disease. Our approach to treating all cardiovascular conditions — from the common to the most complex — brings together health care professionals from several heart- and vascular-related specialties, including:

- Cardiovascular Medicine (Cardiology, Electrophysiology, Heart Failure, Hypertension, Interventional Cardiology and Vascular Medicine)
- Cardiac Surgery
- Vascular Surgery
- Neurology/Stroke
- Interventional Radiology
- Cardiac and Vascular Anesthesiology
- Cardio-oncology

New multidisciplinary programs integrate our services even further to provide you ease of referral and streamlined care for your patient.

Key programs treat conditions such as:

- Heart Failure/Transplant/Circulatory Support
- Valve Disease
- Coronary Artery Disease
- Atrial Fibrillation
- Aortic Disease
- Venous Disease
- Peripheral Arterial Disease (PAD)
- Stroke

Direct Messaging

EHR-to-EHR Communication with Michigan Medicine

Direct messaging is a secure, standardized way that health care organizations can exchange patient health information and referrals directly between electronic health record (EHR) systems. This functionality allows practices to connect with Michigan Medicine without having to use fax machines or mail services.

Direct messaging can be used to securely send:

- Outpatient Referrals
- Physician-to-Physician Messages
- Continuity of Care Documents
- Automatic Discharge Notices
- Summary of Care Documents
- Other Patient Records & Results

Utilizing direct messaging will also help your organization meet 'Meaningful Use' EHR incentive program requirements. For more information about Meaningful Use, please visit:

<https://www.cdc.gov/ehrmeaningfuluse/>

How can my organization use Direct Messaging to connect with Michigan Medicine?

To start the set-up process for direct messaging, please follow these instructions:

1. Go to: <https://www.uofmhealth.org/provider/direct-messaging>.
2. Complete the online questionnaire near the bottom of the page.
3. Once we receive your request, our Physician Liaison team will contact you about next steps for setting up the direct messaging connection with Michigan Medicine.

M-LINE 800-962-3555

Connecting Providers to Patient Care at U-M

The Michigan Medicine Provider Portal is in a secure web-based application for referring providers and their staff to access their patients medical information. This portal makes it easy to view your patient's medical records in real-time.

- Appointment notifications
- Admission notifications
- Emergency Department notes
- Laboratory and radiological test results
- Physician/Clinic letters
- OR notes
- Progress notes
- Medication list
- Problem list
- Allergies

The Provider Portal is connecting referring provider offices to their patient information at Michigan Medicine. There are three easy ways to learn more about the Michigan Medicine Provider Portal and enroll your practice.

1. Visit www.UofMHealth.org/ProviderPortal to download a User and Site Agreement form.
2. Email your request to ProviderPortal@med.umich.edu. Please state your name, practice name, office address, phone number and your administrative contact.
3. Call M-LINE at 800-962-3555 and a customer service representative will assist you.

SECURE IMAGE TRANSFERS TO MICHIGAN MEDICINE

Timely image transfer
can save lives when
minutes count.

Any facility can now
send patient images to
University of Michigan
Health electronically!

NEW! One-Time Upload
feature for hospitals and
sites not already connected
to University of Michigan
Health via LifeIMAGE

Visit uofmhealth.org/uploadimages
for additional information on
how to send your patient images
electronically to University of
Michigan Health.

DID YOU KNOW?

- Children are 5-7x more sensitive to radiation, increasing risk for future development of cancer
- Transfer of images may prevent an avoidable patient admission increasing our capacity to serve more patients
- Repeat exams may cause patients unnecessary out of pocket expenses
