

EXTRAORDINARY OPHTHALMOLOGY AND VISUAL SCIENCES SPECIALTY CARE

M | KELLOGG EYE CENTER
MICHIGAN MEDICINE

2017 SPECIALTY CARE DIRECTORY
M-LINE: 800-962-3555

#1 in Michigan

Ranked by U.S. News and World Report

Quickly and easily connecting your patients to the right care is your focus. That's why we are putting a quick reference guide in your hands with references to over 75 clinical faculty who specialize in ophthalmology specialties.

In 2016, U.S. News and World Report ranked Kellogg Eye Center as #1 in Michigan and #9 in the country. Kellogg researchers are leaders in innovation and

79 Clinical faculty

23 Research Faculty

10 Clinical locations

174,509 Patient visits in 2015

8,482 Surgical procedures

are helping Kellogg patients with complex ocular disorders discover and regain their vision every day.

We are opening clinics throughout southeast Michigan and bringing the U-M expertise your patient's need closer to home. Teams of doctors, nurses and support staff collaborate to care for patients in 10 clinics in Washtenaw, Wayne, Oakland, and Livingston counties.

From contact lenses to robotic eyes, we have specialists who are devoted to your patient's needs. Arrange for a consultation or referral by calling M-LINE anytime, day or night.

Dear Colleague,

It is our privilege to provide care for the patients you refer to us. Our goal is to work in partnership with you to assure that your patients receive the best possible eye care and have a positive experience at the U-M Kellogg Eye Center.

We also want to make it as simple as possible for you to find the physician who can best serve your patients. When you call M-LINE at 800-962-3555 you will be immediately connected with a service representative who will help you schedule an appointment for your patient. If you wish to speak with a member of our faculty regarding your patient, a phone consultation can occur through M-LINE.

In the last few years, to better serve patients needing advanced eye care, our clinical staff has grown and our services have expanded. We have a comprehensive Thyroid Eye Disease Center, an Ocular Oncology Clinic and a growing roster of experts in diabetes-related eye disease. Our Pediatric Ophthalmology faculty is also growing, with new specialists in pediatric glaucoma and pediatric retinal disease.

You'll find listings of all our services, physicians and locations in this guide and online at www.umkelloggeye.org/for-health-providers.

We also want to keep the lines of communication open. If you have a question or concern about your patients, I encourage you to give us a call. And please always let us know what we can do to make the experience better for you and your patients.

Sincerely,

Paul P. Lee, M.D., J.D.

Information for Your Patients

All patients will be asked to provide or update personal information whenever an appointment is made. Please make sure your patients, or the individual scheduling the appointment, have the following information available:

- Patient’s complete legal name
- Address
- Date of birth
- Phone number or cell phone number
- Emergency contact
- Insurance carrier
- Referring physician and primary care physician contact information

The registration process will verify a Medical Registration Number (MRN) on file or generate an MRN which will be the patient’s permanent UMHS identifier.

What patients should bring:

- Eyeglasses and/or contact lenses
- A list of all current medications, including the prescribed dosage
- X-rays, CT scans, photographs and any additional test results or copies of medical records relevant to the patient’s condition
- Insurance card or the name and address of their insurance carrier, their policy number, the name of the policy holder and their Social Security number

Michigan Medicine is pleased to offer a Physician Relations and Outreach Program dedicated to providing personalized service to community-based physicians, including:

- Consultations
- Education opportunities about the latest treatment options
- Clinical trials
- Current news and events

Whether we join your on-site meeting and activity or a sponsored event at U-M location in your community, our goal is to improve communication and coordination of care between you, the referring physician, and your patient.

Meet Jennifer Ziehm-Scott

Jennifer serves as the Ophthalmology physician liaison providing personalized service to community-based physicians' practices.

With more than 30 years of patient care experience at U-M Kellogg Eye Center, she is a valued resource on service information, treatment options and current clinical trials from over a dozen ocular specialties in ten community locations.

To contact Jennifer, please call M-LINE at **800-962-3555** or email her directly at **jenjazz@umich.edu**

Connecting Providers to Patient Care at U-M

The Michigan Medicine Provider Portal is a secure web-based application for referring providers and their staff to access their patients medical information. This portal makes it easy to view your patient's medical records in real-time:

- Appointment notifications
- Admission notifications
- Emergency Department notes
- Laboratory and radiological test results
- Physician/Clinic letters
- OR Notes
- Progress Notes
- Medication list
- Problem list
- Allergies

The Provider Portal is connecting referring provider offices to their patient information at Michigan Medicine. There are three easy ways to learn more about the Michigan Medicine Provider Portal and enroll your practice.

- Visit www.UofMHealth.org/providerportal to download a User and Site Agreement form.
- Email your request to Providerportal@med.umich.edu. Please state your name, practice name, office address, phone number and your administrative contact.
- Call M-LINE at 800-962-3555 and a customer service representative will assist you.
